

Banning High School

PG-13 Rating Film Permission

During the course of the school year there may be an opportunity to show clips of movies and videos for instructional purposes. Films and videos used in a classroom shall enrich, support, or extend the curriculum, taking into consideration the varied instructional needs, abilities, interests, and developmental levels of the students served.

Mainly, the movies and videos selected to be shown to students are rated G or PG. However, occasionally there is a movie that we may offer students that is rated PG-13. PG-13 rated films will be used in classrooms in circumstances where the concepts covered in the film are directly related to the curriculum. We would like to secure your permission to allow your student to watch a PG-13 movie at Banning High School if and when selected. If at any time you have questions or concerns about what your child is viewing, please talk to the requesting certificated staff member.
